

Alex Reyes

Quezon City, Philippines | alex.reyes@example.com
BS Information Technology student | Available for a first internship

Summary

Third-year IT student with practical experience building web pages, organizing data, and documenting class projects. Comfortable working with teammates and learning from feedback. Interested in a web development internship where I can contribute to a real product and learn how a team tests and ships changes.

Education

Example University 2023 – Present

BS Information Technology | Expected graduation: June 2027

- Relevant coursework: Web Development, Database Systems, Systems Analysis and Design.

Projects

Student Organization Website March 2026

Web Development course project

- Built responsive event and registration pages using React, HTML, and CSS.
- Worked with three teammates to organize content, test form inputs, and review the mobile layout.
- Documented how to run the project so teammates could make and check their own changes.

Library Borrowing Tracker November 2025

Database Systems course project

- Designed SQL tables for books, borrowers, and loan records as part of a group prototype.
- Wrote queries for overdue loans and checked the results using sample records.
- Prepared setup notes and explained the database relationships during the class presentation.

Campus Event Feedback Report May 2025

Personal practice project

- Organized fictional survey data in Google Sheets to practise filtering, formulas, and charts.
- Wrote a short findings report that separated observations from assumptions and noted the dataset's limits.

Organization Experience

Registration Volunteer, Campus Technology Club 2025 – 2026

- Maintained the attendance sheet and helped participants register during student events.
- Shared schedule updates with the event lead and coordinated handovers with other volunteers.

Skills

Web development: React, HTML, CSS, JavaScript basics

Data and tools: Basic SQL, Google Sheets, Git

Other skills: Project documentation, event coordination, class presentations
